

## ***“Healing the Brokenhearted”***

*A gathering at ‘The Lord’s House,’ 6PM March 26<sup>th</sup> through March 27<sup>th</sup>*

*The Lord is calling his Bride to a place where her heart is healed and wholehearted. He desires wholehearted worship and wholehearted devotion and love. In order for us to respond with a whole heart we need a healing that allows our heart to be integrated and whole.*

*Mark and Charleen Weismantel teach and preach about the goodness of God and the power of His grace and mercy to change lives. Their ministry brings their own personal experience and testimony of becoming over-comers into churches, and they bring the power of the love of God into a secular world. They have an international presence and an anointing to reveal the nature of God and set the captives free. Their teaching offers seeds of hope that spring to life in the human spirit under the anointing of the Holy Spirit. Physical and emotional healings often manifest in powerful ways, and lives are transformed. Mark and Charleen are the founders of ‘Seeds of Grace,’ a weekend retreat option for those dealing with a wounded past, addictions, and broken hearts. They will join Elaine at the Lord’s House for at time of worship, teaching and ministry as the Bride prepares for the next move of God.*

*Matt Gearhart will lead us in worship. Matt leads worship in the corporate setting and in intimate ministry. His worship style is intensely Spirit-led and the Lord’s anointing rests on both him and his guitar. Matt is a prophetic psalmist whose desire is to usher people into the intimate presence of God through worship*

*Worship, teaching, and personal ministry will be intermingled as the Spirit leads. Unless the Spirit leads otherwise, we tentatively plan that Mark will speak to the father- wounds that often prevent us from realizing the true nature of God and stepping into the fullness of who God created us to be. A ministry time of healing, forgiveness, and experiencing the Father’s love will undoubtedly follow. Charleen will speak of the hope to which we have been called. She will share from her experience in finding healing in the midst of brokenness and the power of grace and joy. Elaine will speak about where the Lord is going and why we need to be wholehearted. She will call us forth to walk in the Spirit; in oneness with Christ.*
